TEAMSTERS' STRIKE IN INDIANAPOLIS

No Attempts Made Today to Deliver Food, Groceries or Coal.

BUSINESS IS TIED UP.

Police Force Augmented 500—Leading Business and Professional Men Armed For Eventualities.

Indianapolis, Ind., Dec. 1.—Cartage and deliveries of food, groceries, coal, and practically all merchandise were not attempted this morning anywhere in the city, as the result of a strike of 3,000 union teamsters and chauffeurs which went into effect at midnight.

Prepared for riots, a reorganized police force, augmented by 500 leading business and professional men who have armed themselves and been sworn in as special deputies, were ready to assist in moving non-union wagons.

A proclamation by Mayor Harry R. Wallace warned the public that the police would shoot to kill on the slightest provocation if mobs destroyed property and threatened strikebreakers as in the case of the recent car strike here.

Warned last week of the impending strike, the people of Indianapolis generally stocked up well with provisions The union has announced that milk for babies will be allowed to be delivered throughout the strike.

Brewery wagon drivers belong to the brewery workers union and were not affected by the walkout order.

The demands of the union are:

Wages, $13 to $15 a week Chauffeurs, $13 to $18 weekly.

Ten-hour day. Twelve hours for retail grocery wagons.

Time and one-half for overtime.

Agreement for one year and no lockouts or strikes to be declared in that time.

NEWS OF THE DAY.

Like Gen. Jose Gonzales after the battle of Rellano in March, 1912, Gen. Antonio Rabago, military governor of the state of Tamaulipas, Mexico, killed himself after losing Victoria, the capital.

An innovation in street cars in Washington, which may go far in helping to solve local transportation problems and end the era of "strap-hangers," will be instituted on the lines of the Washington Railway and Electric Company within the next week A double-decked car, capable of seating 98 pasengers, or practically double the number which the ordinary car accomodates, is now in the city, and the finishing touches are being put on under the direction of Master Mechanic Wenner.

much for the life of a locomotive engineer, the Southern Railway Company has appealed to the Supreme Court of the United States to reverse the Supreme Couprt of South Carolina, which awarded a sum to the widow of an engine driver, who was killed when his train dashed into a building trestle near Alston, S. C. on August 29, 1911.

A social sensation has been caused in Paris by the undraped plastic poses of Madame Valentine de Saint Point, divorced wife of a French cabinent minister, granddaughter of the Marquis des Gians de Cassiat, and descendant of the poet and historian Lamartine. The spectacle was given in her special studio. Some 300 invitations were sent out to leading men and women in the literary and artistic world; there was not a single refusal There were several American guests, including Miss Natalie Clifford Barney, of Washington. Mme. de Saint Point, who is known as Mme. Valentine, has a petite figure, pale blue eyes, and a mass of chestnut hair. She is also a writer of books and essays as well as a talented painter.

While Edward Waddell was dining with his brother in Spring Garden street, Philadelphia, yesterday, a man suddenly appeared in a doorway of the room and fired two shots at him. According to the police the man mistook Waddell for another man against whom he bore a grudge. "There is the guy I want," the man is said to have shouted, "I told you I'd get you for insulting Nell," and then disappeared in the street. Waddell dropfrom the chair in which he was sitting with a bullet in his throat an another in his chest. He gasped: "This man has made a mistake. He must think I'm somebody else."

Lead pencils distributed and collected each day in the lower grades of the Bridge street Sheffield, Conn., grammar school, are held to be responsible for an epidemic of diphtheria among the pupils, by Dr. W. E. Caldwell, the health physician. He ordered the pencils burned and forbade the continuance of the custom. Fifteen of the forty pupils in two rooms have the disease, some of the cases being serious. Dr. Caldwell found that nearly all the children put the pencils in their mouths, thus furnishing good carriers for the diphtheria germs.

Relatives in Dunkirk, N. Y., have been notified that Mrs. Mary Clifford, formerly of that village, but now residing in Vallejo, Cal., is critically ill in a California hospital following a 30-day fast to expel "devils" from her system. The young woman is said to have come under the influence of a high priest of a Hindu cult, and was told by him to fast in order to cast out the demons which he said, had possession of her.

NEW PRESIDENT OF SOUTHERN

Fairfax Harrison is Elected Head of The Great System.

NATIVE OF VIRGINIA.

Father Was Private Secretary to President Davis—Has Had Extensive Railroad Experience.

New York, Dec. 1.—Fairfax Harrison, formerly Vice President of the Southern Railway Company, and for the last three years President of the Chicago Indianapolis and Louisville Railway Company, of which the Southern is part owner, was today elected President of the Southern Railway Company, to succeed the late William Wilson Finley, a special meeting of the Board of Directors being held for the purpose of filling the vacancy caused by Mr. Finley's death. Mr. Harrison is a Virginian, his home being Belvoir, Va. He is peculiarily identified with the South as his father was Private Secretary to Jefferson Davis while President of the Confederate States and all his railroad experience has been with the Southern and its associate lines. Mr. Harrison was born in 1869, and was graduated from Yale with the A. B. degree in 1890, and from Columbia with the A. M. degree in 1891. He was admitted to the bar in New York in 1892 and continued the practice of law in New York City until 1896, when he entered the service of the Southern Railway in the Legal Department as Solicitor. In 1903 he was made assistent to the President and in 1906 became Vice President which position he held until 1910 when he resigned on being elected President of the Chicago, Indianapolis and Louisville Railway Company. He, however, continued as a director of the Southern Railway so that his service with the Parent Company has been uninterrupted. Mr. Harrison was one of Mr. Finley's closest and most trusted advisors and is thoroughly in sympathy with the policies which made Mr. Finley's administration so successful both for the Southern Railway and the territory served by its lines. Though Mr. Harrison entered the service of the Southern in the Legal Department his experience has not been confined to that branch of the service. He has given much study to financial, traffic and operating problems and is intimstely acquainted with conditions on the Southern Railway and throughout the section which it traverses. As President of the Chicago, Indianapolis and Louisville Railway he was actively in charge of the operation of the railway so that he comes to the Southern Railway prepared, by experience, as well as the most detailed knowledge of the details of its affairs to take up the duties of chief executive. Mr. Harrison today was also elected President of Alabama Great Southern Railroad, Mobile and Ohio and the Virginia-Southwestern.

MULES IN CEMETERIES.

Justice Kerby Imposes Fine Upon Owners of Animals.

Game Warden Payne, of Fairfax fax county, and Officer Garvey, of this city, on Saturday arested Robert Sutherland upon the charge of allowing his mules to graze in the cemeteries a joining this city. Sutherland was conducted before Justice Kerby, who held court in Roat's blacksmith shop, corner Franklin and Patrick streets, where a fine of $1 was assessed against him, also $1.80 costs.

Occasionally complaint is made of the thoughtlessness of owners of animals who allow the same to invade the city of the dead. Shortly after the civil war it was the practice of some residents of the southeastern section of the city to turn their cows loose in these enclosures. It may be stated that parties who allow animals to run at large in cemeteries can be arraigned in the Alexandria Police Court.

REV. TRIPLETT ACCEPTS CALL.

Will Come to Alexandria as Pastor of Second Baptist Church.

Rev. O. W. Triplett, of Charlottesville, has accepted a call to the Second Baptist Church of this city, and will take charge of that work on next Sunday.

Rev. Mr. Triplett is a man of ability. He has been working for the State Board as State evangelist during the past two years, and has had wonderful success along this line. The members of the Second Baptist Church expect to begin the erection of a new house of worship in the spring in a central location of the city.

PROPOSED CELEBRATION.

One Hundred Anniversary of Signing of Treaty of Ghent.

John M. Johnson, chairman of the Alexandria committee of the celebration of the 100th anniversary of the signing of the Treaty of Ghent which brought about peace between the English-speaking nations, will leave for Richmond tonight to attend the meeting of the general committee of the United States which will determine the exact nature of the celebration.

As Alexandria will be one of the few cities in this country where the celebration will take on a national aspect on account of its association with the war of 1812 the determination of the programme to be observed here becomes of considerable importance in the arrangement of the entire programme for the celebration.

Mr. Johnson will carry with him the suggestion of the Alexandria committee adopted at a recent meeting, which provides for public meetings to be held in the various churches on December 28th, 1914, a celebration by the school children on December 24, 1914, a service of praise and thanksgiving in historic old Christ Church on December 24th, a mass meeting on February 17th, 1915, and a patriotic parade on February 22nd, 1915.

SUFFRAGISTS MEET.

National Board Called to Order Today by Dr. Anna Shaw.

Washington, Dec. 1.—With Rev. Dr. Anna Howard Shaw, as prsident, the business sessions of the National American Woman Suffrage Association's forty-fifth convention began this morning in the New Masonic Temple, where everything from an amendment to what the official colors of the association shall be, will be discussed during the next four days.

The morning session was given over to an executive committee meeting held behind closed doors. This committee embraces about one-third of the 600 delegates here from all over the United States, and is a steering committee for the convention proper. The whole convention will assemble at 2:30 this afternoon and after the addresses of welcome and response will listen to the reports of officers and department heads.

One of the principal issues at the present convention will be the adoption of a new constitution for the association, which will open wider the doors of its membership. At present State associations and other suffrage organizations of not less than 300 members may join the national body by paying into its treasury 11 cents per member per year.

Under the proposed constitution any suffrage organization of 200 or more members may become affiliated with the national association by the payment of dues at about the same rate. Any non-affiliated suffrage organization may become an auxiliary member upon approval of two-thirds of the executive committee and the payment of $100 annually. Such an auxiliary member will be entitled to two votes in the national convention.

The question of the new constitution will come up before the convention tomorrow afternoon at 2:30, and only a majority vote is necessary to pass it. If the new constitution is adopted, it will thereafter necessitate a two-thirds vote to make any changes in it.

Subscription book for a limited number of shares to the 10th series of the German Co-Operative Building Association No. 5 is now open at their office, 612 King street from 9 to 1 upon week days. By order of the Board of Directors

JUSTUS SCHNEIDER,

SPECIAL MERGES INTO REGULAR

Sixty-Third Congress Convenes In The Capitol at Noon.

LACKS EXCITEMENT.

Reading of President Wilson's Message Tomorrow Will Start Flood of Legislation.

Washington, Dec. 1.—The second session of the Sixty-third Congress of the United States began at noon today, with no further formality than a declaration by the Vice President and the Speaker of the House of its beginning. A joint committee was selected to wait on the President and inform him that both houses are in session when routine business was resumed.

The usual formality was lacking because the special session ,which opened on April 7, dovetails into the regular session. Even a constructive recess was lacking. The Senate met at 10 o'clock this morning as a part of the special session, and at noon the old session merged into the new one.

At both ends of the capitol there was a good attendance of members.

Interest in both bodies centered on the expected appearance of President Wilson at 1 o'clock tomorrow to read his annual message. He will discuss the great mass of legislation which awaits consideration. This is so great that it is a certainty much of it will fail to be disposed of when the session finally ends, some time next summer or fall.

It has seldom happened that a regular session of Congress opened with so many insistent demands for important lawmaking in so many directions. It is generally agreed that Congress is destined to remain here eight or nine months with, perhaps no adjournment in the Christmas holidays except on Christmas Day.

MAIL TO ROSEMONT.

Carriers Serve Residents of Suburb—Branch Postoffice at Payne and Cameron Streets.

The residents of Rosemont, the suburb, lying just beyond the union station, commenced to receive their mail direct from the city postoffice by carrier service this morning. This method takes the place of the former system delivering mail in boxes along the rural route delivery, and will be of great benefit to the people living in this suburb. The arrangement was made by Postmaster Eggborn after he had received a petition from the residents of Rosemont, and it was pushed through the postoffice department by Congressman Carlin. About seventy-five families now receive their mail at Rosemont.

A new branch postoffice was also opened in Alexandria this morning. It is located at the corner of Payne and Cameron streets in the ticket office of the Washington-Virginia Railway Company, and will pove to be of great convenience to people in this section of the city.

MORE RAIN THIS WEEK.

Unsettled Weather Predicted For Eastern Part of Country.

Another week of bad weather is ahead for the eastern part of the country, according to the Weather Bureau.

"The eastward movement of a disturbance now ever the lower Arkansas Valley," the weekly bulletin says, "will result in a continuance of the unsettled, rainy weather during the early days of the week over the eastern half of the country, with possibly some snow over the extreme northern districts Generally fair weather will follow for a day or so after, but the eastward movement of another marked disturbance now over Arizona will probably be attended by rains over the southern and rains and snows over the northern districts from the Rocky Mountains eastward, beginning about Monday morning along the eastern slope of the mountains, reaching through the Plain states into the Central Valleys and the Upper Lake region about the middle of the week and the Lower Lake region and East about Thursday or Friday. This disturbance will be followed by fair and colder weather that will reach the central valleys after the middle of the week and the eastern States by the end of the week. However temperatures will not be unusually low."

ARRESTED IN PHILADELPHIA.

James Mason, Colored, Wanted for Car Robberies, Will be Brought Here.

A clever arrest was made in Philadelphia on Saturday afternoon by Captain A. G. Smith, of the Pinkerton Agency assisted by W. S. Connelly, of this city, chief special agent of the Southern Railway, when James Mason, colored, of this city, was arrested for being implicated in the robbery of freight cars in the Potomac yards. The police expected to arrest Mason two weeks ago when they made a raid on a saloon in the northeastern section of the town and made four arrests. Mason, who is thought to have been one of the ring leaders of the gang skipped out with John Peverill. The latter stopped off in Anacostia and was captured in that place but Mason continued to Philadelphia. By clever detective work he was located in that place and Captain Smith and Mr. Connelly left here Saturday morning. They arrived in Philadelphia at 1:05 Saturday afternoon and picked Mason up at the corner of South and Third streets at 2:15 p. m.

The negro was arraigned before Judge Barrett, in the night court and was held without bail for requisition papers. Application for the papers was made to Governor Mann today and as soon as they are issued he will be brought back to this city.

R. E. LEE'S BIRTHDAY.

Lee on January 19th. The event will be celebrated by a banquet which will be held in the evening and which will be addressed by speakers of national reputation.

HALF OF MEXICO IN REBELS' GRIP

Tampico and Mazatlan Totter Before Concerted Attack.

CRISIS FOR HEURTA.

Rumors That Dictator Has Obtained $3,500,000 From Some Mysterious Quarter.

Juarez, Mexico, Dec. 1.— General Francisco Villa, constitutionalist leader, says that Northern Mexico, embracing the states of Sonora, Chihuahua, Coahuilla, Nuevo Leon and Tamaulpas and including the territory from the border to a line 500 miles southward, will be under the authority of the rebel forces in two weeks. The forces which are fighting Huerta will then join at Guadalajara with a view of marching into Mexico City.

This campaign, he says, contemplates not only the capture of Chihuahua City, but also the spreading of the constitutionalist authority further south. Villa, on the campaign he has mapped out, is to be joined in the interior later by General Carranza, the head of the revolutionary movement.

In preparation for the attack on Chihuahua City, 3500 troops with 16 machine guns and equipment which filled three trains had left Juarez up to today and had reached a point 50 miles south. Villa expects to join his men within a few days, and if possible to keep open a train and telegraph service behind him. He said he would be in Chihuahua City within ten days. But the capture of the city, he insisted, will be only an incident of a further advance, later, in conjunction with Carranza and other rebel leaders.

Villa pointed out that the only important points along the United States border not held by the rebels now are Nuevo Laredo, opposite Laredo, Tex., and Pideras Negras, opposite Eagle Pass, Tex., and that his forces already have captured the principal cities of the north, except Guaymas, Chihuahua City, Saltillo, Monclova and Monterey.

"We will move right on to Mexico City," Villa said. "That is our destination. Our forces are working together."

So far as the north is concerned, Villa said, the campaign is between 14,500 federal troops, mostly in garrisons, and 20,300 rebels or constitutionalists in garrisons or roaming the country.

Mexico City, Dec. 1.—Government officials are authority for the statement that President Huerta has obtained a new loan of $3,500,000.

MINSTRELS TONIGHT

A Great Show to Be Given By Alexandria Talent Exclusively

Tonight at the Opera House, the people of Alexandria will again have a treat such as the Associated Players are capable of giving. Many hours of study and much earnest work has been given to perfect this, the acme of their selections. The troupe is composed of sixty members, and some of the best voices in the city—well-trained for this occasion. All is in readiness, and the company promises a treat hard to excel. Music in abundance is on the program and few indeed should miss this opportunity of seeing their own people in songs and comedy.

It would be impossible to enumerate the good features. A glance at the program is sufficient to warrant a night of laughter. This association has given many performances most of which have been to cheer the unfortunate or to lighten sad hearts and make life worth living to those around a hitherto darkened hearthstone. Their work has been that of love. Even at that the meritorious quality of the productions have been so noticeable that the Opera House hardly has seating capacity for those who delight in witnessing them. This time, and tonight, the players perform for the benefit of the Alexandria Motor Boat Club, an active and growing organization of splendid young men, who want to add to their equipment. The following is the program:

DEDICATION OF A CHURCH

Knights of Columbus and Others From This Present City at El Nido

A large congregation of members of the Knights of Columbus and others yesterday attended the dedication of the new Catholic Church, St. John the Evangelist, at El Nido, Alexandria county. Rt. Rev. D. J. O'Connell, Bishop of Richmond, officiated, assisted by the pastor, Rev. Father Van Inglegum, Fathers Shundell and Quirk, of Georgetown University, Father McDonnell, pastor of St. Aloysus Church, Washington and Father De Gryse, of Falls Church.

Following the dedicatory service, Bishop O'Connell delivered an address during which he praised the sacrifice and zeal of the people of El Nido, in erecting such a handsome edifice for the honor and glory of God. High mass followed and was sung by Father Quirk The choir of St James' Church, Falls Church, under the direction of Father DeGryse, rendered St. Cecelia's mass. The sermon, which was forceful and eloquent, was delivered by Father McDonnell.

The church stands on a hil-top adjoining the home of Mr. Carlin, the donor of the site, commanding a magnificent view of the surrounding country. Mr. Carlin, who is the oldest Catholic in the parish, occupied a seat at the sanctuary rail and before and after the ceremonies was kept busy receiving the congratulatons of the assembled worshppers on the completion of the Church.

THE
Diamond

The mere mention of the word Diamond brings to mind ideas of something that has ever been most valuable. It possesses in an unusual degree, the power to reflect and disperse rays of light which is the cause of its beautiful brilliancy and alluring play of colors.

When Selecting a Diamond

you must take into consideration, color, freedom from flaws and general brilliancy, each of these qualities has a distinct bearing upon the question of value. The numerous grades of diamonds are usually very confusing to the purchaser and here is where we serve you. The care which we use in selecting diamonds makes it impossible for you to purchase a stone which will not be financially advantageous to you as well as a thing of beauty and a pleasure for all time.

May we have the pleasure of your inspection of our beautiful Gift Stock ?

FAVOR CAPE FORT.

Committee Appointed to Fix Reasonable Figure For Their Holdings.

Norfolk, Va., Dec. 1.—Owners of property within the zone in which the United States government proposes to establish fortifications at Cape Henry, met at the Chamber of Commerce Saturday afternoon, and took steps toward securing an agreement whereby the land needed by the Government may be secured at a price satisfactory to all parties concerned.

More than one-half of the one hundred and forty-three lots in the zone of the proposed fortification were represented either by their owners or by proxy.

C. E. Herbert, who called the meeting was made chairman of a committee which will work in conjunction with the fortification committee of the Chamber of Commerce with the idea outlined above in view. Other members of the committee which will meet again next Monday at the Chamber of Commerce are Dr. W. B. Meredith, Captain H. H. Williamson, M. A. Williams, and Captain H. O. Parkerson

Mr Herbert said the intimation that property owners contemplate advancing the price of their holdings to an unreasonable figure. In view of the probable purchase by the government is without foundation, in fact. There have been no transfers of property in the zone involved, he said, and it is the intention of the owners to do everything possible to facilitate the movement for the establishment of the fortification at the Cape.

TO DEEPEN CHANNEL.

Another Seeks $850,000 For Enlargement of Norfolk Postoffice Building.

Washington, Dec. 1.—Representative Holland will introduce early in the regular session of Congress, which convenes today, two bills of much importance to Norfolk. The measures are already drawn.

The first provides for deepening the channel to 40 feet at mean tide from the ocean to the navy yard.

The second bill makes an appropriation of $850,000 for the extension and improvement of the Norfolk postoffice building, including the acquirement of such additional land as may be necessary according to the plans of the supervising architect of the treasury.

Falls Under Freight Train.

Pulaski, Va., Dec. 1.—Oscar Bowman was decapitated Saturday afternoon at Clark's Mill, on the North Carolina branch of the Norfolk and Western, by falling under a freight train on which he attempted to steal a ride. A foot was partially cut off. The body was left in the middle of the track, while the head rolled to the side.

Bowman was twelve years old and a son of Lem Bowman.

FOUR MEN KILLED.

Head-on Collision of Freight Trains on Virginian Railway.

Roanoke, Va., Dec. 1.—Four men, the entire train crew, were instantly killed in a head-on collision of eastbound freight No. 468, westbound, over the Virginian Railway, at Keever, 67 miles east of Roanoke, just before noon Saturday, and a brakeman on the other train was seriously injured. The dead are:

James Linkous, engineer, of Victoria, Va.

R. M. Weatherford, fireman, of Roanoke, Va.

Henry S. Cooper, conductor, of Victoria, Va.

R. D. McFarland, brakeman, of Roanoke, Va.

The injured brakeman was C. J. Damascus, of Roanoke.

According to officials of the Virginian Company, the engineer of the eastbound train had received orders at Alta Vista to meet and pass No. 33 at Keever, but ran past the passing siding by two thousand feet. It was on the eastbound train that all the crew was killed. The men on the other train were saved by jumping.

The two engines were demolished and the ten cars were derailed. The eastbound train was going at 20 miles an hour and the westbound train at 10 miles an hour.

MOB IN SEARCH OF NEGRO.

Condemned Man Who Threw Lime Into Sheriff's Face May Suffer Violence.

South Boston, Va., Dec. 1.—Blood hounds and a large number of citizens are on the trail of John Johnson, the condemned negro, who escaped from the Halifax county jail last evening, by throwing lime in the face of Sheriff W. P. Shephard, who went to the prison with the prisoner's supper.

Sheriff Shephard almost suffocated, a large quantity of lime being thrown in his face. No one saw the negro throw the lime. Sheriff Shephard was completely blinded.

Farmers citizens from every section of Halifax county are searching for the fugitive. Mob violence is feared in case the negro is captured. Johnson was sentenced to die for attacking a white woman.

Baby Cut to Pieces.

Raleigh, N. C., Dec. 1.—The eighteen-months-old baby child of B. N. Annan, while playing on the track of the railroad near the residence of its parents at Sawmills, a flag station ten miles from Lenoir, was instantly killed by a passenger train, whose engineer saw the little one too late to stop. The body was fearfully mangled, and the spectacle was so sorrowful to the engineer that he burst into tears as he looked upon the remains of the corpse.

Solid Gold

At this season much Gold Jewelry is manufactured—for Christmas presents. Not large or heavy pieces, so that very much less than usual prices can be asked and the jeweler be enabled to guarantee it 'Solid Gold.' This early "Opening" is associated with unusual little prices—because of a jeweler who ordered largely, but developed financial weakness. Nearly $5,000 of this guaranteed jewelry is to be distributed at about $3,000, beginning tomorrow morning, promptly at 8:30 o'clock. An abridged list is given below—

Lavalliers $2.98 $3.50 $7.25 $10.00

Solid Gold $4 Value $5 Value $10 Value $15 Value

The collection is unusually large, and includes not only Solid Gold Chains, but Solid Gold Pendants set with real pearls and semi-precious stones. The estimate of the actual values is conservative—in most jewelry shops the price would be considerably higher. Note $2.98 to $10, instead of $4 to $15 represents the difference between the regular quotations here and the prices now possible.

THE COST OF ROYALTY.

A report that Kaiser William is in financial straits is partially confirmed by the statement that he contemplates selling one more of his many castles.

The expenditures of the Kaiser this year have surpassed those of any previous year of his reign. It is roughly estimated that the marriage of his daughter, the entertainment of the Czar, King George and their large suites, and the expense of the guests who attended the jubilee of the monarch, cost him more than $1,000,000.

Emperor William made such a fuss three years ago about his civil list being incompatible with the dignity of the ruler of Germany that an increase of $600,000 a year was made making the total $4,000,000. In addition the empire act of grace gives him $700,000 a year more.

The Vossische Zietung says the Kaiser may sell Mon Bijou castle, a valuable site near the center of Berlin. It was Frederick the Great's gift to his wife, and is now the Hohenzollern Museum.

The Czar of Russia receives eight million a year salary, which with receipts from monopolies, etc., which he controls, are said to add about eight milions more. Yet it is said he is generally hard up.

REGULAR SESSION OF CONGRESS.

The special session of Congress called by President Wilson soon after he was inducted into office ran into the regular session today which convened at noon. Democratic leaders are in a serious frame of mind over the work of the Sixty-third Congress.

They are about to enter upon a session in which party politics on many important questions will be fully developed for scrutiny by the people at the polls in the congressional elections of 1914.

The Democratic party has revised the tariff, and it is now overhauling the banking and currency laws. In the near future it will disclose its intentions relative to the corporations, conservation, and other questions that are regarded as of importance, economically as well as politically. The leaders realize that if the party is to retain the ground that it gained in the elections of 1912, that it must proceed with caution in the consideration of the rather ambitious legislative programme that is rapidly framing.

The Willard W. C. T. U. will meet at 713 Cameron street tomorrow (Tuesday,) afternoon, at three o'clock.

MATERLINCK'S "BLUE BIRD."

Return Engagement Commences at Belasco Theatre Tonight.

The return engagement of Materlinck's exquisite fantasy, "The Blue Bird," begins at the Belasco Theatre tonight, with matinees Wednesday and Saturday. It will afford the last opportunity, locally, to see the New Theatre production and Century cast now on their farewell tour. Arrangement has been made for presenting the fantasy as beautifully as during the notable week in 1911, when it was enjoyed by a succession of crowded houses. Those who saw it then need only be reminded of its many-sided charms.

It is sumptuously staged; 100 players, adult and juvenile, appear in the acting cast, and the special Debussy music and the numerous symbolic dances are rendered by highly trained experts.

The story of "The Blue Bird" tells of the boy and girl's quest through fairyland and dreamland, the past the present and the future. A host of queer, weird characters accompany them. Behind the obvious story, the outer spectacle, lurk the wit, tenderness and wisdom of the Belgian author, which are fully appreciated only by grownups.

206,711 NEVER GO TO SCHOOL.

Doesn't Virginia Need a Compulsory Education Law?

There are 616,168 children of school age in Virginia. Of this number 409,397 are enrolled in the public schools of the State. Of this latter number only 263,241 are in daily attendance.

These figures are startingly significant!

In rough, they tell us that there are 206,711 children entirely outside of the public schools of the State, and that of the 409,397 pupils enrolled only 263,241 are in daily attendance. Therefore, out of the original 616,168 children of school age, there are 342,927, or over half, who are getting practically no benefit from the schools of the State!

Against these sinister figures there are a few offsets that amount to comparatively little in aggragate There are 23,662 children enrolled in private schools in Va. Granted that an extra 40,000 receive some sort of home training, and that 50,000 of those enrolled, but not in daily attendance, gather some school advantages—yet the astounding percentage of 229,265 remains, who are absolutely without school advantages, who are predestined illiterates!

One might imagine that the negro race was largely responsible for these amazing figures, yet the following tables do not bear out the hypothesis:

White children of school age, 398,408.

While children of school age enrolled, 288,823.

White children of school age in attendance, 189,386.

Colored children of school age, 217,760.

Colored children of school age enrolled, 120,564.

Colored children of school age in attendance, 73,855.

From the above figures we see that there are 109,585 white and 97,196 colored children entirely out of the schools, and that of the enrollments only 99,437 white and 46,700 colored children are in daily attendance.

Twist the figures as we may, the tragic fact remains that there are over 100,000 white children in Virginia today who are receiving no schooling! In passing, it is useless to eleminate the negro race from the roll of illiteracy, and claim security therefor simply because it is the negro race. Ignorance is a curse to any State, and its menace is in exact proportion to the elevation or degradation of the people among whom it exists.

Before going further, let us remember that of the precious 263,241 children, who are in regular daily attendance upon the schools of the State, tens of thousands of them only see the inside of school houses for five months out of the twelve months of the year!—Virginia Journal of Education.

The excellence of the chorus singing of this choir is well known not only to the congregation of St. Paul's church, but to the general public. Through the kindness of Mr. George B. AT GAYETY THIS WEEK.

'Happy Widows" Company Attraction at Burlesque Theatre.

"The Happy Widows" company will be seen at the Gayety Theater, Washington, this week in a two-act burlesque entitled "A Marriage of Convenience," written by Joseph K. Watson, with musical numbers by Ed Rogers. Joseph K. Watson and Will Cohan are supported by a cast of vaudeville stars, comedians and dancers. The mechanical and electrical effects have been given especial consideration. Over sixteen musical numbers, including song hits of the day, are introduced by the principals and the chorus of twenty handsomely gowned young women.

Act 1 shows the home of an heiress, in Mexico, where the greater portion of the action of the piece takes place. Act 2 presents the company in Mexican [illegible] old, where in the [illegible] and Rushky, re[illegible] Cohan have ample opportunity to exercise their unique comedy methods. Songs, dances and parodies are introduced in a number of farcical situations by the two comedians, who are in turn conspirators, dupes and business men in their attempts to help the actress, played by Helen Van Dyke, very nearly succeed in getting their own throats cut. The olio includes the Tierney Four, Joseph K. Watson in original parodies and monologues, and the Saida Winston Opera Duo. The supporting cast includes Ray Odell, Irving Hay, Charles Murray Simmons and a chorus of twenty.

AUSTRIAN PAROLED.

Governor Mann Parolies Austrian Who Served Five Years in State Prison.

Norfolk, Va., Dec. 1.—Julian Pavlinio, the Austrian sent to the penitentiary for murdering his wife from Elizabeth City county in 1907, for a term of ten years, has been granted a conditional pardon by Governor Mann and will in day or two be a free man.

Pavlinio and his wife resided in Salter's Creek, just on the outskirts of Newport News. The woman was said to be suffering from mental troubles and Pavlinio told the court that he had shot his wife eight times in order to keep her from being sent to the insane asylum under an agreement he had with his wife when she was sane. The man said that in his country, husband and wife make such agreements and he declared that he was not guilty of the wilful murder of his spouse. A number of alienists were used to save Pavlinio from the electric chair, and finally a verdict of second degree murder with a term of ten years in the penitentiary was returned by the jury, which tried him.

A few days later before Pavlinio was taken to prison he secured permission from the late Judge John W. G. Blackstone to visit the grave of his murdered wife in Greenlawn cemetery. Arriving at the grave the man kissed the mound and fervently declared that he had done a "noble thing" in sending his wife to the grave instead of allowing her to be committed to an insane asylum.

WASHINGTON'S SURVEYS.

Modern Instruments Confirm Fairfax Lines Run by Aid of Mountain Top Bonfires.

George Washington's surveying, done in 1751 when, as a lad of 19, he ran lines with chain and compass through the wilderness of the Virginia hills for Lord Fairfax, has been checked up by government surveyors, who have just made their reports, and who found the work of the immortal patriot perfect.

Washington, running his lines with primitive instruments and bonfires on hill tops, left monuments and boundaries to which technically educated surveyors using high-power transits and all the refined and accurate have been able to find no variation.

From the top of Middle Mountain in the Massanutten range, the old Fairfax line may be distinguished without the use of instruments and can be followed by boundary fences dating from the earliest days, and by blocks of timber which come up from the country lines and stand out like squares upon a checker board. Down across the valley of the north fork of the Shenandoah, as far as the eye can distinguish, the line shows plainly.

Washington's survey blazes cut into the trunks of trees and long grown over have been rediscovered, and all are several feet higher from the ground than those the woodsmen of today would make. Some authorities contend Washington made them from the saddle with a long-handled axe.

The government has been retracing the old lines because it is buying land, through the territory, which they run, for the new Appalachian forest reserve.

QUARREL CAUSES MURDER.

William Gilliam is Slain by James Stanley as Result of Dispute.

Roanoke, Va., Dev. 1.—James Stanley, 40 years old, a well known farmer of Scott County, yesterday shot and instantly killed William Gilliam, 42 years old, as a result of a quarrel about a $5 debt.

The men were at Carter's Ferry. Gilliam asked Stanley to pay the $5 debt. Stanley became enraged and declined to make the payment. Gilliam then demanded payment. Stanley refused, and the shooting followed a violent quarrel.

No arrest has as yet been made. The victim of the tragedy leaves a family. Stanley also has a family. The tragedy is greatly deplored throughout Scott county.

WOMAN COMMITS SUICIDE.

Young Wife Swallows Two Kinds of Poison While Despondent.

Danville, Va., Dec. 1.—After a ten-hour struggle to restore consciousness to the inanimate form of Mrs. Esther Hawkes, the woman died Saturday night after swallowing poison at her home on Richmond avenue Schoolfield.

Despondency, it is declared, caused the woman, who was only 22 years of age, to take her own life. She was found at half-past one o'clock suffering great pain in her room after taking nearly two ounces of carbolic acid and an ounce of laudamnu.

The bottles, it is said, and a letter were placed in the pocket of a coat belonging to her husband, and were found in the room later when Dr. Johnson and Miss Ivy Chandler, nurse of the Schoolfield Welfare Society, arrived. The doctor and the nurse remained by the side of the patient almost continuously until she died, and every known remedy was applied, but failed to bring results, for the acid had already wrought its work before they arrived.

Bitter Speech.

"We are with the McNamaras, dynamite, and all," declared Frederick Sumner Boyd, the I. W. W. leader, to a gathering of anarchist-socialists and I. W. W. members yesterday in the Star Casino, in New York. "We are with the workers no matter what they do when fighting for their rights," he added, while the gathering applauded. "The I. W. W. advocates seabage and practices it. The I. W. W. puts life, liberty and happiness above property rights. I was arrested for advocating sabotage and if the occasion arises I will advocate it again." The meeting which had been called to protest against the conviction of Boyd and his sentence from one to seven years in State prison for advocating sabotage in the Paterson silk mill strike, greeted these and similar sentiments of other speakers with outbursts of enthusiasm.

Expert Yeggmen Blow Open Safe in Bank of Ellenboro.

Charlotte, N. C. Dec. 1.—Robbers, believed by officers to be expert yeggmen, blew the safe in the Bank of Ellenboro, a small town fifty miles west of here at an early hour Saturday morning and got away safely with $2,900 in cash, leaving $7.70 in money in the vault.

Citizens of the town say nine explosions were heard. One man approached the bank upon hearing the explosions and was driven back at the point of guns. Robbers constructed a defense of heavy wire fencing in front of the bank. The vault was entrely demolished.

Bloodhounds traced the men to Henrietta, a small station several miles away, where, it is believed they escaped by automobile. From the tracks officers say there were five men in the party. The institution worked under a State charter.

BLEASE ATTACKS WILSON.

Elected Only as Result of Split, He Delcares.

Spartanburg, S. C., Dec. 1.—Governor Cole L. Blease, speaking at Anderson Saturday, in behalf of his candidacy for the United States Senate against Senator E. D. Smith, attacked President Wilson, declaring he had never been a Wilson man and said that but for a split in the Republican party Wilson would never have been elected. He declared that President Wilson would not be re-elected unless he changed the policy of his administration which allows negroes to "boss" white men and white women in the government service in Washington. The attack on the President was enthusiastically cheered.

The race between Governor Blease and Senator Smith will be run next summer.

LASH WIELDED IN DELAWARE.

Eight Spectators See it Applied to Man's Back.

Wilmington, Del., Dec. 1.—The lash was wielded here again Saturday. Cornelius C. Street, a young white man, convicted of robbing the residence of William W. Laird, a member of the DuPont family, suffered twenty lashes on his bare back at the Castle County Work House.

Street bore up well. He made no outcry, but flinched repeatedly. He was returned to his cell to serve ten years.

Several weeks ago a man confessed at a Salvation Army meeting in Washington that he was guilty of the crime of which Street was accused. He has not been found.

Eight spectators saw the lashing.

California Woman Seriously Alarmed

"A short tme ago I contracted a severe cold whch settled on my lungs and caused me a great deal of annoyance. I would have bad coughing spells and my lungs were so sore and inflamed I began to be seriously alarmed. A friend recommended Chamberlains cough Remedy, saying that she had used it for years. I bought a bottle and it relieved my cough the first night, and in a week I was rid of the cold and soreness of my lungs," writes Miss Marie Gerber, Sawtelle, Cal. Sold by all druggists.
